

**ABOUT US**

Dynamics Resources is a Microsoft Partner and a Value Added Re-seller specializing exclusively in Microsoft Dynamics AX. Microsoft Dynamics AX is the leading ERP solution in the market for mid- and large- enterprise companies now facing a technological crossroad and need to update their current legacy systems.

Dynamics Resources has been proudly serving Dynamics AX community for over 10 years. We offer solid DAX expertise at very competitive rates and most importantly we have 100% client satisfaction rating and excellent reputation in the industry.

PARTNERSHIP**

As a Microsoft Partner, Dynamics Resources facilitates the delivery of Microsoft products, services and licenses to small and large companies. While going directly through Microsoft may seem advantageous, a Microsoft Partner like Dynamics Resources better suits the evolving needs of companies that are looking for team-to-team support on financial management, customer relationship management and supply chain management solutions.

**COMPETITIVE
ADVANTAGE**

There is a deficit of the Dynamics AX expertise in the United States. Dynamics Resources solves that problem by selecting top notch talent from all over the world, bringing the professionals to the US and creating a tightly woven team of Senior Dynamics AX technical and functional talent. We provide our clients with superior implementation services and comprehensive Dynamics AX training programs. From functional training for the key users to mentoring our clients' IT teams by providing technical expertise - we are flexible, focused and our priority is client satisfaction.

We developed a solid reputation by working across industries and borders to provide comprehensive project lifecycles and change management. We offer a diverse range of services including Dynamics AX Implementation, Customization, Upgrades as well as support and service of existing installations and infrastructure.
